

## Dear All Shop dan Team Ops

Di informasikan kami telah melakukan perubahan pada system **Nav Store**, di mana proses posting akan otomatis di lakukan oleh system, proses tsb dinamakan **Batch Posting**

Hal ini bertujuan agar pada saat Posting barang tidak di temukan lagi kendala **“Lock by another User”**, di mana kendala tsb di sebabkan proses posting dokumen yang di lakukan secara bersamaan oleh user lain

Pada saat posting Akan tampil **“This Document already in WAITING”**,

Informasi ini menerangkan Dokumen yang di **post..** sudah di pindahkan pada menu **Batch Posting – Waiting**

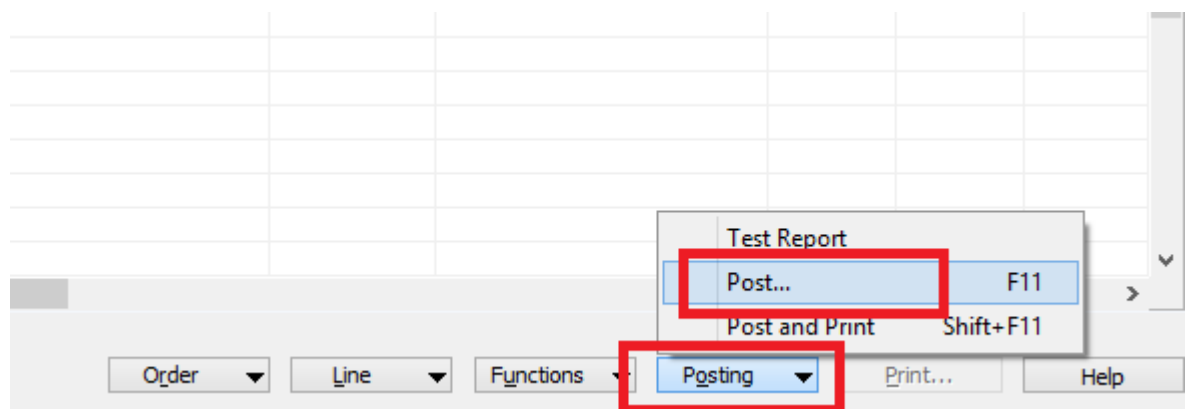

The screenshot shows a table of items in Microsoft Dynamics NAV Classic. A dialog box is overlaid on the table, displaying a warning message: "This Document already in WAITING area for batch posting". The table columns include Line No., Item No., Variant Code, Gen. Prod. Posting Gr..., Description, Approver User Name, Posting Date, Item Type, Transfer Line Status, Outstanding Quantity, and Quantity.
